

This is a request to eliminate new taxes that you imposed this legislative session

1. Social Security Taxing—You lowered the income limits so that you now tax more of my Social Security. I believe the income was reduced to \$80,000 After which you now tax all of my SS. This is an unfair tax and targets a specific population. You then took this extra tax and gave tax relief to Teachers retirement. Why? Why are teachers more important than Seniors? Probably because they give more to the campaign coffers of the Politicians than the elderly.
2. You keep talking about Property tax relief, but you removed the \$300 property tax credit from the income tax tables. Imposing more taxes on us citizens. Why? You talk the talk but do not walk the walk.
